2023 – ACE Golf Package

The Madison Club has done it again! With costs rising everywhere The Madison Club recognizes the pressure outing planners are under. Trying to schedule a first class event, increasing participation, raising charitable funds and keeping costs at an acceptable level can be all but impossible. Well, not at The Madison Club.

In 2017 The Madison Club created a special golf package called the ACE Golf Package. This new golf package strikes at the heart of event planners problems, rising costs, and here's how it works. Instead of hosting your golf event on a weekend during prime time, 8am-2pm, when the pressure to keep play moving and the cost per player is at its highest, opt for the ACE Golf Package and host it after 2pm.

After 2pm the golf course is yours meaning, there is no pressure to keep play moving. Your group is free to take as much time as is need to finish the event. This is a welcome change for players that are new to the game or who are a bit rusty. In addition to not having to worry about the pace of **play The Madison Club will partner with you and score an ACE by lowering the cost of your outing by \$10 per player.** If a 90 person golf outing chooses the ACE Golf Package they will have \$900 more dollars to use this year than they did last year.

With this reduction in cost you can take the savings and reduce the price of your entry fee or you can purchase more prizes or take the savings straight to the bottom line and add it to your fund raiser. Regardless of how you choose to use your savings the ACE Golf Package by The Madison Club is the outing of choice. Event planners love it, players love it and The Madison Club is happy to offer it.
